## Welcome to World War 3 - to quote the Pope

Good meeting you last night. Here as promised is the lo-down on the present state of the world. It's a genuine and worldwide battle and, dismaying as it always is to newcomers, it's something none of us can afford to ignore.

First the good news... after three long years of fighting, which includes a hoax pandemic, deadly jabs, and a hoax climate crisis, some 30-40% of the world population are now to a degree awake and starting to have an impact. I believe we might just be living through a new renaissance, which would be exciting. But we haven't won yet. If you're wondering why you've heard nothing about it, it's because the New World Order effectively controls the world's politicians and news media and they do exactly what he tells them. Mainstream news is pure propaganda with the BBC in particular performing as the long arm of government. People are cancelling their TV licenses in droves.

The story behind the story is immense and I'm afraid you have to do your own digging (though you can talk to me anytime). I have been keeping a fairly meticulous record. I suggest you pick your way through the collection below.

**ALSO tune in regularly to UKColumn.org** (via the browser or Rumble) to find what's really going on in the world. In particular, the situation in the Ukraine will surprise you.

**THEN check out Telegram**... a sort of WhatsApp that's used by resistance groups all over the world. It presents REAL news (and much more) three times a week <a href="https://www.ukcolumn.org">https://www.ukcolumn.org</a>>

Obviously there's loads of others (and some dross) but the people/groups I keep an eye on are:

Neil Oliver (brilliant, also on You Tube) Richard Vobes (briilliant, also on YouTube) The Expose News (daily reports) The Dollar Vigilante (Official Channel) Martin Costello News Laura Aboli (gentle and uplifting messages) MacAfee The UK Freedom Alliance Crimes Against Humanity The White Rose The Crowhouse David Wilcock Nesa Gesara – Secrets Tucker Carlson Big Brother Watch
