

DECLARATION of SOVEREIGNTY and DEED of DISCRETIONARY REVOCABLE CONDITIONAL TRUST and WITHDRAWAL of CONSENT to MANDATORY TAXATION

of _____ [Name]

Currently of _____ [address]

being of sound mind, **DECLARE AND SAY** as follows:

1. I, a sovereign man / woman resident in the United Kingdom **consent to pay** £ _____ in favour of Parliament, the Government of Britain and Northern Ireland, public authorities and/or institutions, HMRC, the DVLA, _____ Council, corporate bodies and/or businesses, and/or individuals acting as agents of HM Government (hereinafter jointly and severally known as the “**Primary Beneficiary**”), in consideration of various taxes, fees, fines, rents, duties, levies, demands or charges made upon me under various Finance Acts, laws and/or regulations enacted, passed or issued by the Primary Beneficiary, and **as trustee will hold said payment(s)** in whole or in part **on discretionary, conditional, revocable trust** for the Primary Beneficiary until the last day of the financial year.
2. However, it has been brought to my attention that all taxes, fees, fines, duties, charges and payments of money to the Primary Beneficiary are paid on receipt into Parliament’s Consolidated Fund, whereupon some of this money is used by the Primary Beneficiary directly and/or indirectly, in whole or in part, for illegal and criminal purposes, in particular to finance the manufacture, procurement, supply and/or use by:
 - (i) **The UK Ministry of Defence and HM Military Forces of weapons** such as nuclear and high-explosive bombs, rockets, missiles and firearms as well as weapon delivery systems such as ships, aircraft, tanks, submarines and drones, for the instigation, facilitation, support or conduct of various illegal wars, invasions, occupations or armed attacks on the people of diverse independent Sovereign States, most recently Afghanistan, Iraq, Libya, Syria, the Yemen, Palestine and the Ukraine, causing serious bodily injury or death to thousands of men, women and children, none of whom were given the opportunity to plead for their lives and the lives of their family in court before being summarily injured or killed by military forces **by order of Britain’s political, civil, judicial and military commanders;**
 - (ii) **The UK Home Office and UK police forces of firearms** which are used to threaten, harm or kill UK residents and nationals;
 - (iii) **The Department of Health and Social Care, the National Health Service, Public Health England, The National Health Security Agency, UK Ministers of State, civil servants, employees, advisors and members of the medical profession of experimental toxic gene therapy [COVID 19] vaccines,** falsely and deceptively described and promoted as safe and effective and administered without their informed consent to millions of UK residents and nationals resulting in harm, serious injury or death to thousands of children, women and men the majority of whom are members of the English, Welsh, Scottish and Northern Ireland national groups.

3. I have also been made aware that:

- (i) the United Kingdom is a member state of the United Nations, and its Government, on behalf of its people, has signed and ratified the **Charter of the United Nations** under which it has agreed with every other member State to be bound by its rules, which amongst others provide that:

"2.3 All members shall settle their international disputes by peaceful means in such a manner that international peace, security and justice are not endangered."

"2.4 All members shall refrain in their international relations from the threat or use of force against the territorial integrity or political independence of any state, or in any other manner inconsistent with the Purposes of the United Nations."

41. The Security Council may decide what measures, not involving the use of armed force, are to be employed to give effect to its decisions.

- (ii) pursuant to the **United Nations' Declaration on Principles of International Law** it is agreed that;

"Every State has the duty to refrain in its international relations from the threat or use of force against the territorial integrity or political independence of any State, or in any other manner inconsistent with the purposes of the United Nations. Such a threat or use of force constitutes a violation of international law and the Charter of the United Nations and shall never be employed as a means of settling international issues."

"A war of aggression constitutes a crime against peace, for which there is [individual] responsibility under international law",

"No State or group of States has the right to intervene, directly or indirectly, for any reason whatever, in the internal or external affairs of any other State. Consequently, armed intervention and all other forms of interference or attempted threats against the personality of the State or against its political, economic and cultural elements are in violation of international law."

- (iii) the **Nuremberg War Crimes Tribunal (1946)** observed and held that:

"... individuals have international duties which transcend the national obligations of obedience imposed by the individual State. He who violates the laws of war cannot obtain immunity while acting in pursuance of the authority of the State, if the State in authorising action moves outside its competence under international law"

- (iv) the **Nuremberg War Crimes Tribunal** issued the **Nuremberg Code on medical experiments** in which it ruled that:

"The voluntary consent of the human subject is absolutely essential... This requires that before the acceptance of an affirmative decision by the experimental subject there should be made known to him the nature, duration, and purpose of the experiment; the method and means by which it is to be conducted; all inconveniences and hazards reasonably to be expected; and the effects upon his health or person which may possibly come from his participation in the experiment. The duty and responsibility for ascertaining the quality of the consent rests upon each individual who initiates, directs or engages in the experiment. It is a personal duty and responsibility which may not be delegated to another with impunity..."

4. I also acknowledge and understand that, with the consent of the people's elected representatives in Parliament, the Government of the United Kingdom of Great Britain and Northern Ireland
- (i) is a signatory and party to the **Rome Statute of the International Criminal Court**, and therefore there exists a potential risk to me and my family under Articles 5, 6, 7, 8, 9, 25 and 27 (the provisions concerning individual criminal responsibility) of prosecution and imprisonment by the International Criminal Court in The Hague for **aiding and abetting criminal acts of genocide, crimes against humanity and/or war crimes**;
 - (ii) ratified the Rome Statute of the International Criminal Court when it enacted the **International Criminal Court Act 2001** and the **International Criminal Court Act 2001 [Elements of Crimes] Regulations 2001** making it a criminal offence under section 52 of the Act for a person to engage in **conduct ancillary to war crimes, crimes against humanity and/or genocide** and therefore, knowing that thousands of men women and children have been injured and killed by order of Britain's political, civil, military and medical leaders, there exists a risk to me and my family of prosecution and life imprisonment for the offences of aiding and abetting these crimes.
 - (iii) is a signatory and party to the **Convention for the Suppression of the Financing of Terrorism** and ratified the Convention by enacting the **Terrorism Act 2000** in which it ruled in section 17 that: *A person commits an offence if he enters into or becomes concerned in an arrangement as a result of which money or other property is made available or is to be made available to another, and he knows or has reasonable cause to suspect that it will or may be used for the purposes of terrorism* and because terrorism is defined in section 1 as the threat or use of firearms or explosives endangering life for a political or ideological cause, there exists a risk to me and my family of prosecution and imprisonment for a term of fourteen years for *fundraising for purposes of terrorism*.
 - (iv) enacted **The Accessories and Abettors Act 1861** in which it ruled in section 8 that: *Whosoever shall aid, abet, counsel, or procure the commission of any indictable offence, whether the same be an offence at common law or by virtue of any Act passed or to be passed, shall be liable to be tried, indicted, and punished as a principal offender.*
5. It has also been brought to my attention that:
- (i) the **UK Supreme Court**, in a case concerning the definition of terrorism in the Terrorism Act 2000 (**Regina 'v' Gul UKSC 64 (2012)**), stated in paragraphs 26 and 28:
26. "... *Terrorist action outside the United Kingdom which involves the use of firearms or explosives, resulting in danger to life is terrorism.*
28. "... *Thus, it [the definition of terrorism] would appear to extend to military or quasi-military activity aimed at bringing down a foreign government, even where that activity is approved officially or unofficially by the UK government*"
 - (ii) The **Independent Reviewer of Terrorism Legislation** in a report to Parliament (2012) stated: *"The power to arrest under TA2000 section 14 and to hold for extended periods of detention prior to charge can in principle be used against anyone who, it is suspected, is or has been concerned in the commission, preparation or instigation of acts of terrorism. Legitimately elected political figures...in the UK could quite lawfully be arrested under this power... More generally...it can be used against anyone at any time."*

6. I therefore maintain and state that there exists a serious risk to me, my family, my colleagues and my friends under the common law, customary international law and the provisions of international and domestic law identified in paragraphs 3 – 5 above, of a criminal prosecution, conviction and imprisonment for aiding and abetting genocide, crimes against humanity, war crimes, fundraising for purposes of terrorism and/or other criminal acts of persons operating for and on behalf of the Primary Beneficiary.
7. In the premise I therefore declare and say that I have no choice but to:
- (i) **withdraw my consent** to any and all mandatory taxes, fees, fines, precepts, duties, rents, financial demands and/or charges made upon me under various Finance Acts, laws, orders and regulations enacted, passed or issued by the Primary Beneficiary; and
 - (ii) **withhold all such payments of money (taxes)** or other property to the Primary Beneficiary and to cause the same to be held in a conditional revocable discretionary trust for the benefit of the Primary Beneficiary by way of abandonment of, or complicity in, any and/or all illegal and/or criminal acts of the Primary Beneficiary identified at paragraph 2.
8. I further declare and say that **if**, prior to the end of the financial year, I receive incontrovertible documentary evidence from a court of competent jurisdiction that the Primary Beneficiary:
- (i) has ended all involvement in the criminal acts identified at paragraph 2 above; and
 - (ii) is acting in accord with the domestic and international laws specified in paragraphs 3 - 5 above; and
 - (iii) has granted me complete and full immunity from any and all claims, charges or liability both present and future made against me which may arise as a result of my paying any taxes, fees, fines, rents, duties, charges or financial demands levied upon me whether existing or future under the various Acts, judgments, laws or orders made, passed or issued by the Primary Beneficiary; and
 - (iv) has initiated with the Directors of Public Prosecutions of England and Wales and Northern Ireland and the Lord Advocate for Scotland, criminal proceedings against 1000 of the leading instigators, perpetrators, financiers, investors, advisors, company directors, public officials and natural persons complicit in the criminal acts of the Primary Beneficiary identified at paragraph 2 above,
- I shall recommence periodic payments to the Primary Beneficiary in consideration of all lawful, legal and legitimate taxes, fees, fines, rents, charges, interest payments and/or financial demands made upon me.
9. If however the Primary Beneficiary continues to breach the common law and the domestic and international laws governing warfare, terrorism, genocide and crimes against humanity identified at paragraphs 3 – 5 above, and continues to take part in the criminal acts identified at paragraph 2 above, and is thereby complicit in the criminal offences of misconduct in public office, murder, crimes against peace, war crimes, crimes against humanity and/or genocide, then this conditional, revocable, discretionary Trust will be revoked on the last day of the financial year and all money and/or assets held in trust for the Primary Beneficiary will be carried forward on the same terms and conditions to the following financial year or at the discretion of the trustee returned to me, the settlor (the **Secondary Beneficiary**).
