Dear (name)

You have erected 5G towers in my neighbourhood. I am a living human being and I never consented for this to take place.

You have 30 days to take them down. If you don't respond and the towers remain in place, I shall be issuing you with a £10,000 fine for each tower that remains erected.

Yours sincerely,

Dear (name)

You are denying me access to some roads in my neighbourhood and that is going to violate my right to travel. I am a living human being and I never consented for this to take place.

You have 30 days to return this 15 minute city to normal. If you don't respond and my right to travel continues to be curtailed I shall be issuing you with a £10,000 fine on each occasion my freedom to travel is violated.

Yours sincerely
