

Questions that might be crossing your mind

Why does the media (and Greta) insist there's a climate crisis when 97% of leading climate scientists confirm there isn't?

Why all the talk about net zero when the same experts confirm Co2 is already very low and if it drops much further, human life could end?

Why all the white trails and strange looking clouds? Is it true converted jets are poisoning us from above with noxious substances?

Why are farmers worldwide being made to leave farming? Is it so we have to eat Bill Gates' carcinogenic insect burgers and GMO crops?

Why are councils dividing cities into gated zones that only allow residents to leave 100 times a year, with Oxford the first.

Why accept dangerous Covid jabs when makers confirm they don't stop you catching or passing it on, or affect survival and recovery?

Why are so many parents rejecting all vaccines for their children? Have they seen the data showing unvaxed kids are the healthiest anywhere?

Why has Bill Gates said many times that he aims to cull 7 out of the 8 billion people on planet Earth? Could it be connected to the above?

Why is none of this mentioned in mainstream news? Is it because Bill Gates and his friends also control the worldwide media?
